**OR**

- 6 a** What is Market Structure? Give Explanation about types of Market structures in Managerial Economics 7M
- b** Write a note on  
a) Monopolistic competition. 5M  
b) Perfect and Imperfect Competition

P.T.O

## UNIT-IV

- 7 a A business needs a new machine and has to make the choice between Machine Y and Machine Z. The initial cost and net cash flow over five years to the business have been calculated for each machine as follows:

|                        | Machine Y | Machine Z |    |
|------------------------|-----------|-----------|----|
| <b>Initial cost</b>    | 20,000    | 28,000    |    |
| <b>Net cash Inflow</b> |           |           |    |
| 1                      | 8,000     | 10,000    | 7M |
| 2                      | 12,000    | 12,000    |    |
| 3                      | 9,000     | 12,000    |    |
| 4                      | 7,000     | 9,000     |    |
| 5                      | 6,000     | 9,000     |    |

Only one machine is needed, calculate : i) Pay Back Period  
ii) Accounting rate of Return

- b What is the importance of Capital budgeting? What are all its limitations? 5M

**OR**

- 8 a Write a short notes on
- Payback period
  - Net present Value method 8M
  - Fixed capital
  - Internal Rate of Return
- b What do you understand by Time Value of Money? How it is helpful in Capital Budgeting? 4M

UNIT-V

- 9 a What is Financial Accounting? Briefly explain various accounting concepts. 7M
- b "Financial Accounting is much Important for Better Managerial Decisions" Why? Explain. 5M

**OR**

- 10 a Journalise the following transactions of Mr. Ravi and post them in the ledger and balance the same.
- |              |                                                |    |
|--------------|------------------------------------------------|----|
| 2010, June 1 | Ravi invested Rs.5,00,000 cash in the business |    |
| 3            | Paid into bank Rs.80,000                       |    |
| 5            | Purchased building for Rs.3,00,000             |    |
| 7            | Purchase goods for Rs.70,000                   | 7M |
| 10           | Sold goods for Rs.80,000                       |    |
| 15           | Withdrew cash from bank Rs.10,000              |    |
| 25           | Paid electric charges Rs.3,000                 |    |
| 30           | Paid salary Rs.15,000                          |    |
- b Explain about advantages of double-entry book-keeping. 5M
